

The Year In EPIDEMIOLOGY

Our 2012 calendar of key events taking place in Epidemiology next year contains **138** listings. As usual, it contains a wide variety of offerings, including numerous short courses, a dozen or so summer programs, and multiple meetings for professional organizations of epidemiologists and public health professionals.

There were at least two large Congresses of epidemiologists last year in Montreal and Edinburgh. In 2012, there will be a European Congress of Epidemiology in Porto Portugal in early September and a Population Health Congress in Adelaide Australia shortly afterwards sponsored by the Australasian Epidemiology Society. Some of the principal epidemiology meetings for 2012 are listed below:

- ▶ March 29-30, American Epidemiological Society, Berkeley, CA
- ▶ April 16-20, Epidemic Intelligence Service, Atlanta GA
- ▶ May 20-23, Society for Clinical Trials, Miami, FL
- ▶ June 4-6, Assoc for Professionals in Inf Cont and Epid, San Antonio, TX
- ▶ June 27-30, Society for Epidemiologic Research, Minneapolis, MN
- ▶ Aug 20-24, International Society of Pharmacoepidemiology, Maastricht, The Netherlands
- ▶ Aug 25-30, International Society for Environmental Epidemiology, Columbia, SC
- ▶ Oct 18-20, International Genetic Epidemiology Society, Stevenson WA

Best wishes for a happy and productive year in 2012 !

Roger Bernier, Editor

January 2012

January 9-13

Course : Environmental Microbiology Control of Foodborne and Waterborne Diseases

Sponsor: Rollins School of Public Health & CDC

Location: Atlanta, GA

Contact: Pia Valeriano, Phone: 404-727-3485

Email: pvaleri@emory.edu

Web: <http://tinyurl.com/7ze6ul4>

January 9-13

Winter Institute: Courses & Workshops

Sponsor: Johns Hopkins School of Public Health

Location: Baltimore, MD

Contact: Helen Walters

Email: hwalters@jhsph.edu

Web: <http://www.jhsph.edu/winter>

January 16-21

Winter School in Clinical Epidemiology

Sponsor: University of Hall/Tyrol

Location: (close to Innsbruck), Austria

Contact: Phone: +43 50 8648-3901

Email: htads@umit.at

Web: <http://tinyurl.com/8xt5sak>

January 16-20

Course : Basic Epidemiology

Sponsor: University of Bristol

Location: Bristol, England, UK

Contact: Email: short-course@bristol.ac.uk

Web: <http://tinyurl.com/7qm7kqv>

January 9-13

Course : Pharmaco-epidemiology and Drug Safety

Sponsor: Netherlands Institute for Health Sciences

Location: Erasmus University, Rotterdam, Woudestein campus

Contact: Phone: +31 (0)10 703 8450

Email: nihes@erasmusmc.nl

Web: <http://tinyurl.com/7skcszj>

January 16 - February 3

Course : Erasmus Winter Programme 2012

Sponsor: Netherlands Institute for Health Sciences

Location: Erasmus University, Rotterdam, Woudestein campus

Contact: Phone: +31 (0)10 7043669

Email: s.degroot@erasmusmc.nl

Web: <http://tinyurl.com/7u437f2>

January 23-25

Conference: Pharmacovigilance and Risk Management Strategies 2012

Sponsor: Drug Information Association (DIA)

Location: Arlington, VA, USA

Contact: Ellen Diegel , Phone: 215-293-5810,

Email: Ellen.Diegel@diahome.org

Web: <http://tinyurl.com/7n5xw4t>

January 23-27

Course : Advanced Topics in Clinical Trials

Sponsor: Netherlands Institute for Health Sciences

Location: Erasmus University, Rotterdam, Woudestein campus

Contact: Phone: +31 (0)10 7043669

Email: s.degroot@erasmusmc.nl

Web: <http://tinyurl.com/88cbskd>

January 30 – February 3

Course : Introduction to Clinical and Public Health Genomics

Sponsor: Netherlands Institute for Health Sciences

Location: Erasmus University, Rotterdam, Woudestein campus

Contact: Phone: +31 (0)10 703 8450
Email: nihes@erasmusmc.nl

Epi-Monitor Job Bank---Sample Listings for December 2011

For over 30 years the Epi-Monitor has helped epidemiologists find the best jobs in the field. Our publication helps employers cost effectively reach their target audience . Recently we've dramatically expanded our job bank to include:

- ▶ Over 600 positions currently listed
- ▶ Opportunities throughout the United States
- ▶ Openings in 26 countries
- ▶ Multiple universities looking for several faculty members each
- ▶ Jobs in industry with multiple locations
- ▶ Listings for non-traditional epi jobs requiring epi education/experience

In addition to listings found in this print newsletter our website, Facebook page, and e-mail alerts are constantly updated and allow us to help you find the job or employee to meet your needs. See a job listing that interests you or want to see our other listings ? Stop by our website today !

Shouldn't your next job or employee come from the Epi-Monitor job bank ?

THE UNIVERSITY OF CHICAGO
**CENTER FOR CANCER EPIDEMIOLOGY &
 PREVENTION**
 COMPREHENSIVE CANCER CENTER AND
 DEPARTMENT OF HEALTH STUDIES
 Website: <http://ccep.uchicago.edu>

Postdoctoral Position in Genomic and Environmental Epidemiology of Cancer

We seek candidates for a postdoctoral position in the areas of Genetic, Molecular, Environmental, and Cancer Epidemiology. Applicants should have a doctoral degree in epidemiology or a related field. The general focus will be on understanding the interplay between genomic factors, environmental exposures, and molecular phenotypes, and determining their roles in cancer and other complex diseases. Strong statistical and programming skills are essential. A detailed description can be found at <http://health.bsd.uchicago.edu/Employment/26>. Please send a CV, a statement of research goals, and names of three references to Dr. Brandon Pierce at epijobs@health.bsd.uchicago.edu.

SCHOOL OF PUBLIC HEALTH
 Department of Epidemiology and Biostatistics

The University of Maryland-College Park, School of Public Health, Department of Epidemiology and Biostatistics invites applicants for an Assistant/Associate Professor (tenure track) in epidemiology. Research areas of particular interest to the department include, but are not limited to, social and behavioral factors in health and epidemiology of cardiovascular disease, cancer, infectious diseases (such as HIV/AIDS), and obesity. Special emphasis on diet/nutrition, physical activity, and application of epidemiologic methods to develop and evaluate disease prevention and health promotion interventions for translational research is desirable. We offer an MPH degree in epidemiology and in biostatistics, and a PhD in epidemiology. Successful candidates must have a doctorate in epidemiology, an active research program, the ability to teach intermediate or advanced graduate level epidemiology courses and mentor graduate students. Effective interpersonal, communication, and collaborative skills are essential. This is a 12-month tenure-track appointment with up to 75% state funding. Salary is competitive and commensurate with qualifications and experience. Appointments may begin as early as August 2012. The University of Maryland is an equal opportunity and affirmative action employer. Review of applications will begin February 6, 2012 and continue until the position is filled. For more application information go to: <https://jobs.umd.edu> specifying faculty position 115612.

FACULTY POSITION IN CANCER EPIDEMIOLOGY Division of Preventive Medicine Brigham and Women's Hospital/Harvard Medical School

The Division of Preventive Medicine, Department of Medicine, at Brigham and Women's Hospital and Harvard Medical School seeks an Assistant or Associate Professor level scientist in cancer epidemiology. Applicants should have a PhD, ScD, or MD degree, training in epidemiologic methods, and several years of relevant experience. Opportunities exist for collaboration with an active research group and access to data from several large-scale cohorts. Preference will be given to individuals who have demonstrated the ability to obtain grant support for their research. Applicants should have well documented commitment to cancer-related epidemiologic research. Academic rank at Harvard Medical School is to be determined in accordance with the successful candidate's experience, teaching, and scholarship. Please send CV, a description of research goals and accomplishments, a summary of current and past grant support, names and contact information for at least three references, and representative reprints of 3-5 original reports to:

JoAnn E. Manson, MD, DrPH
 Chair, Cancer Epidemiology Search Committee
 Division of Preventive Medicine
 Brigham and Women's Hospital
 Harvard Medical School
 900 Commonwealth Avenue, 3rd fl
 Boston, MA 02215-1204

Brigham and Women's Hospital/Harvard Medical School Equal Opportunity/Affirmative Action Employers are actively committed to increasing the diversity of our faculty: women and members of under-represented minority groups are therefore strongly encouraged to apply.

DIRECTOR—GRADUATE PROGRAM IN PUBLIC HEALTH

Eastern Virginia Medical School (EVMS) and Old Dominion University (ODU) are seeking candidates for the Director of our Graduate Program in Public Health. This joint program was established in 1997 to award the MPH degree, and is fully accredited by the Council on Education for Public Health (CEPH). The Program enrolls approximately 60 new students per year, and currently offers tracks in Environmental Health, Epidemiology, Health Management/Policy, and Health Promotion. Courses are taught during evenings, on weekends, and via several distance learning technologies. The position requires a doctorate in public health, medicine, dentistry, or an allied health field. Candidates without a public health doctorate must have an MPH degree. Candidates should have successful administrative, managerial, research and teaching experience at the Professor or Senior Associate Professor level.

For more information about the position and application instructions, please visit <http://www.evms.edu/job-opportunities/director-graduate-program-in-public-health.html>.

NRSA T32 Postdoctoral Fellowship

Interdisciplinary Women's Reproductive Health

The University of Texas Medical Branch in Galveston, TX is accepting applications for one postdoctoral fellow interested in pursuing an academic career in women's health research. This 2-year NIH funded fellowship provides formal and informal training in theory and methods as well as practical experience in conducting clinical research. Program faculty include national experts in statistics, epidemiology, and women's health who can offer many opportunities to participate in data analysis, manuscript preparation, and grant writing in a collaborative environment.

Who may apply: Applicants who have completed a MD, PhD, or equivalent degree in a discipline related to women's health. Must be US citizen, non-citizen national or permanent resident and able to commit full time effort to the program for 2 years.

To apply, send 1) a personal statement including career goals, a brief description of proposed research, and how this training will help achieve your career goals; 2) a current CV; and 3) 3 letters of reference to:

Abbey Berenson, MD, MMS at abberens@utmb.edu or Dan Freeman, PhD at dfreeman@utmb.edu

Tenure-Track Assistant Professor in Women's Health

The Center for Interdisciplinary Research in Women's Health at UTMB invites applications for a tenure-track position at the assistant professor level. Applicants in all areas of research related to women's health will be considered. Candidates with doctoral level degrees in epidemiology, statistics, public health, demography, sociology, and related fields are invited to apply. UTMB has strong research programs in reproductive health, contraception, aging, infectious disease, adolescent health and preventative medicine, among others. A strong publication record and experience with grant writing is preferred.

The successful candidate will be provided with a competitive salary and benefits package and given a minimum of 85% protected time for research. They will also be given the opportunity and assistance to establish and maintain an independent, externally funded research program.

Applicants should have a PhD, MD, or equivalent degree, a record of conducting research in women's health, and no more than 6 years of research experience following their degree.

Send electronic curriculum vitae, statement of research interests and goals, and the names of three references to:

Abbey Berenson, MD, MMS
The University of Texas Medical Branch
301 University Blvd.
Galveston, TX 77555-0587
abberens@utmb.edu

UTMB is an equal opportunity affirmative action institution that proudly values diversity.

Candidates of all backgrounds are encouraged to apply.

SCHOOL OF MEDICINE
UNIVERSITY of CALIFORNIA • IRVINE
Discover • Teach • Heal

School of Medicine
Department of Epidemiology

Position: Associate or Full Professor, Tenured

The Department of Epidemiology at the University of California, Irvine is seeking applicants for a position at the level of Associate or Full Professor 1.0 FTE (tenured), who will lead nutritional epidemiology research including body composition and physical activity. The position also includes teaching of nutritional sciences and Physical activity of non-communicable and chronic diseases (NCDs). The successful candidate must have strong training and skills in nutritional sciences and in particular nutritional epidemiology of NCDs such as cancer, cardiovascular disease, diabetes and obesity. Candidates must have track record in conducting nutritional epidemiology research with experience in the conducting epidemiologic studies in populations and communities. Candidates must also have experience in studying the influences of factors that modify the effect of dietary intake such as physical activity and other lifestyle factors of disease outcome. The successful candidate is expected to establish an independent research program on the roles of nutrition in NCD risk assessment and prevention, with a focus on prevention. Candidates are expected to demonstrate future promise for establishing and maintaining vibrant, independent and extramurally-funded research programs. The research by the faculty in the Department of Epidemiology is multidisciplinary and encompasses a wide spectrum of non-infectious diseases in genetic epidemiology, environmental epidemiology and biostatistics. The successful candidate is expected to establish the research agenda in nutritional epidemiology and build academic linkages with other departments and centers throughout the university and with the community. A publication track record and prior NIH funding success in nutritional epidemiology and NCDs is essential.

Minimum Requirements - Applicants must hold a PhD or MD, PhD, preferred in nutritional sciences epidemiology, physical activity/body composition or related fields such as public health and epidemiology. Minimum of 5 years work experience in an academic setting with success in obtaining extramural research funding in nutritional epidemiology of NCDs

TO APPLY: Please log onto UC Irvine's RECRUIT located at <https://recruit.ap.uci.edu/apply>. Applicants should complete an online application profile and upload the following application materials electronically to be considered for this position:

1. Statement of Interest
2. Curriculum Vitae
3. Names of at least three references

The University of California, Irvine is an equal opportunity employer committed to excellence through diversity and strongly encourages applications from all qualified applicants including women and minorities. UCI is the recipient of a National Science Foundation ADVANCE award for gender equity.

30TH ANNUAL GRADUATE SUMMER INSTITUTE OF EPIDEMIOLOGY AND BIostatISTICS

Johns Hopkins Bloomberg School of Public Health

JUNE 18 – JULY 6, 2012

2012 Course Offerings*

TWO AND THREE-WEEK COURSES

Principles of Epidemiology
Observational Epidemiology
Statistical Reasoning in Public Health I
Statistical Reasoning in Public Health II

ONE-WEEK COURSES

Applications of the Case-Control Method
Methods and Applications of Cohort Studies
Clinical Trials: Issues and Controversies
Conducting Epidemiological Research
Perspectives on Management
of Epidemiologic Studies
Topics in Clinical Trials Management
Comparative Effectiveness Research: Outcome
Measurement
Pharmacoepidemiology
Biostatistics in Medical Product Regulation
Introduction to the SAS Statistical Package
Longitudinal Data Analysis
Data Analysis Workshop I
Data Analysis Workshop II
Advanced Data Analysis Workshop III
Survival Analysis

Biostatistics Analysis of Epidemiologic Data I:
Logistic Regression
Biostatistics Analysis of Epidemiologic Data II:
Poisson and Conditional Logistic Regression
Analysis
Biostatistics Analysis of Epidemiologic Data III:
Semiparametric Methods
Family Based Genetic Epidemiology
Molecular Biology for Genetic Epidemiology
Genetic Epidemiology in Populations
Gene Expression Data Analysis
Infectious Disease Epidemiology
Public Health Dimensions of Global
Tuberculosis Control
Epidemiology of HIV/AIDS
Advanced Issues of HIV/AIDS
Social Epidemiology
Multilevel Models
Epidemiologic Applications of GIS
Nutritional Epidemiology
Introduction to Diabetes and Obesity Epidemiology
Epidemiology in Evidence Based Policy
Epidemiologic Methods for Planning and
Evaluating Health Services
Ethics Issues of Human Subjects Research
in Developing Countries

ONE-DAY WORKSHOPS

Critical Reading of Epidemiologic Literature
Methods for Clinical and Translational Research

DIRECTOR:

Moyses Szklo, MD, DrPH, MPH

THE INSTITUTE WILL BE HELD AT:

Johns Hopkins
Bloomberg School of Public Health
Baltimore, Maryland

FOR INFORMATION, PLEASE CONTACT:

Ayesha Khan, Coordinator
Graduate Summer Institute
of Epidemiology and Biostatistics
615 North Wolfe Street
Baltimore, MD 21205
